Education

Berklee College of Music, Boston, MA • 05/2026
Bachelor of Music: Independent Recording and Production

Professional Experience

Music Producer/Composer *12/2017 - Current*

- Released multiple self-produced projects featuring original compositions and performances by myself and featured artists
- Wrote, Produced, Recorded, Mixed, Mastered and released 13 song concept album utilizing a myriad of genres (including Metal, Classical, Merengue and Funk) to evoke the different emotions of the story, featuring 20+ musicians and collaborators.
- Developing and maintaining relationships with artists, producers and other up-and-coming music professionals
- Scheduled and organized recording sessions with musicians and vocalists

Commissioned Composer *05/2023 - Current*

- Composed and produced catchy jingles and advertisement based songs for various clients
- Out-sourced instrumental parts such as bass guitar and vocals to fellow musicians for combination of live and synthesized/MIDI recording.

Mixing and Mastering *1/2024 - Present*

- Utilize traditional and creative/experimental mixing and mastering techniques to give clients a professional and “release ready” sound while also setting their project apart.

Live Performer *01/2021 - Current*

- Written for and performed with multiple bands and ensembles
- Played gigs in multiple cities such as Boston, Nashville, and LA
- Performed live, both playing keys as an ensemble band member, and leading the band as the lead singer
- Put together full ensembles using the connections and relationships I've built at Berklee.
- Learned and memorized notated parts in short amounts of time with minimal rehearsals

Visual Media *12/2019 - Current*

- Filmed and directed music videos for myself and other artists
- Wrote and produced scores and soundtracks for videos and short films
- Built a network of photographers and videographers with with professional equipment and expertise in visual media
- Planned and executed social media marketing rollouts for various projects
